

Northeast Dubois County School Corporation Board Policy

Basic Rules for Behavior/Student Conduct Code Policy

Every orderly group (family, club, and nation) has evolved rules for preserving the rights of the individual and for living harmoniously together. Here are the important rules of Northeast Dubois County School Corporation.

1. Conduct: The conduct of the students at Northeast Dubois is expected to be in keeping with generally accepted good student practices. Whether in school or engaged in school activities, every student is expected to conduct himself or herself as a gentleman or lady. No teacher will expect more or less.
2. Courtesy, good manners and respect should be shown in contact with teachers, fellow students and the general public. Observance of this rule will make a long list of minor rules unnecessary.
3. Obey your teachers promptly and without argument. If you request, your teacher will explain or discuss the situation after class or school.
4. Hands off other people and their property. This applies to:
 - a. scuffling, pushing, fighting, etc.
 - b. damaging the property of others including books, clothing, cars, etc.
 - c. boy and girl relations.
5. No smoking in the school building, on the school buses or on school grounds.
6. Boisterous conduct in the building including running, whistling or shouting is prohibited.
7. The following are prohibited on or in school unless written permission of the Principal is given in advance:
 - a. advertising or selling tickets for activities (dances, parties, lectures, etc.) not sponsored by the school;
 - b. selling merchandise, chances or tickets;
 - c. soliciting or receiving money for any non-school activity; card playing or gambling.
8. Food brought into the building should be consumed only in the cafeteria.
9. Protect school property, building furniture and equipment. Refrain from writing on or defacing walls, posters, bulletin boards, desks, tables, rented or borrowed books. Take good care of the locker that has been provided for your use. You benefit when all is in good working order.

The Board of School Trustees of the Northeast Dubois County School Corporation on 9-12-79 unanimously adopted as official board policy the "Student Due Process Law," (Burns 285369) as passed by the 1972 Indiana General Assembly. This provides that certain student misconduct will be grounds for suspension or expulsion of students from school.

Northeast Dubois utilizes a "stepped" disciplinary system. This is a process by which students are disciplined and the severity of the punishment is increased with each

incidence of improper behavior. The final step is suspension or expulsion from school.

Full details of the rules, regulations and due process procedure of the Northeast Dubois County School Corporation are available to any parent, guardian, or student in the office of the Superintendent, Northeast Dubois County School Corporation, Dubois, IN 47527.

Article I – Philosophy

The entire foundation and success of public school education depends on the basic concepts of self-discipline – a self-discipline which will allow all individuals to exist in a world of change and with the individual rights afforded them by our Federal and State Constitutions. Certain standards of student conduct are necessary to assure that students seeking to express their own individual rights do not at the same time infringe upon the rights of others. The responsibility for the development and maintenance of self-discipline falls to the cooperative efforts of students, parents, teachers, administrators and community.

A portion of the responsibility for the developments and enforcement of regulations for the protection of the rights of individuals is delegated by the School Board of Education to responsible officials within the School Corporation. The purpose of discipline controls is to help create an atmosphere that promotes the best possible learning environment for all those involved in the educational process.

An environment that provides equal opportunity for all and permits the teaching-learning process to proceed in an orderly manner is the objective of all school personnel. School staff members will make every effort individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-disciplined standards.

However, in the absence of self-discipline, the superintendent, principal and administrative personnel, or any teacher of the School Corporation is authorized to take certain actions reasonable, desirable or necessary to help any student to further school purposes, or to prevent an interference with the educational process. School officials are charged with a moral and “parental” duty to teach proper values.

Some behavior is much more serious than other behavior and requires different approaches and clearly defined actions. Reprimand, corporal punishment, probation, referral to special personnel in the schools (counselor, principal), parent conference, suspension, referral to special central office personnel and expulsion are devices available to school personnel in dealing with students involved in school discipline

problems. Any or all of the techniques will be used; however, certain acts of misconduct will subject the students to suspension or expulsion from school.

Regardless of an individual's behavior or the discipline imposed, no student should be subject to ridicule or undue embarrassment as a result of the discipline process. For that reason, communication to other staff, other students or to persons outside of the School Corporation which identifies the student and which is not reasonably necessary to further a legitimate school purpose is discouraged.

Article II - Rules of Conduct

Pursuant to I.C. 20-8.1-5-4, all rules of conduct, shall be applicable when a student is:

1. on school grounds immediately before, during and immediately after school hours and at any other time when the school is being used by a school group;
2. off school grounds at a school activity, function, or event;
3. traveling to or from school or a school activity, function or event;
4. at any time, regardless of the purpose of the student's presence.

13. Any incidents of threats, intimidation, battery, or harassment against a school employee shall be immediately reported to the law enforcement agency.
(IC 20-33-9-10).

Article III – Board Rules

Article IV – Corporation Drug/Alcohol Policy

1. The possession, delivery and/or sale, or being under the influence of any substance listed in paragraph 4 below.
2. The recent or detectable consumption or use of any substance listed in paragraph 4 below.
3. The possession, delivery or sale of any object listed in paragraph 7 below.

 - i. Any substance, which is represented by another person to be or to contain any substance, enumerated in sub-paragraphs A through H of paragraph four of the article.
5. Prescription Medicines – If a student needs to take prescription medicine during school hours, State Law and the following procedure must be followed:
 - a. State law allows students with an acute or chronic disease or medical condition to carry medication with them and self-administer it on school grounds and during any school-related function. This should assure that students with serious conditions receive quick treatment. The law will apply to students with asthma who may need to carry an inhaler with them. Students who react severely to bee stings, peanuts, or other allergens can carry an Epi Pen and self-administer their own medication. Students must have a written release from a parent and a doctor that authorizes the activity. These written statements must be kept on file at the school and re-authorized annually.
 - b. For PK-4 students, prescription medications that are not needed for acute or chronic conditions listed above should be handed by a parent/guardian/designee to a bus driver or school personnel. Medication for students in grades 5-12 should be delivered to office personnel and not kept in the student's possession.
 - c. The student shall, while in school, only take the medication in the presence of the school nurse or the school principal or designee, if the nurse is not available. No student shall keep any prescription medicine on

his/her person or in his/her locker while at school. All medication shall remain with the school nurse or office personnel with exception to those medications stated in (a) above.

- d. Students may possess and self-administer medication for acute medical conditions with the written permission of their physician and parent.
6. Non-Prescription Medicines – If a student needs to take a non-prescription medicine while at school, he/she shall follow the procedures as set forth in paragraph 5 above, except that the permission slip from the parent/guardian shall also instruct the school nurse as to dosage. No student shall keep any non-prescription medication on his/her person or in his/her locker while at school. All medication shall remain with the school nurse or office personnel.
7. For purposes of paragraph 3 of Section V of this policy, the following objects are prohibited: any object used or designed to be used primarily for the storage, processing, delivery, consumption of alcohol, marijuana, a stimulant, an intoxicant, a narcotic drug, a depressant, a hallucinogen, or any other controlled substance.
8. Any student found to have violated the provisions of this article by delivering or selling a substance to another person shall be expelled from school for a period of one (1) year unless extreme extenuating circumstances are found. Any student engaged in the delivery, sale or possession of a prohibited substance shall be reported to law enforcement officials. A student expelled for this infraction will be notified of the trespass laws of the State of Indiana and informed that they will be prosecuted in the event they enter school grounds before, during, or after school hours for the full period of the expulsions. “School Grounds” is defined as property belonging to the School Corporation. If extreme extenuating circumstances are shown then the student may request the drug abuse class set forth below.

Any student who is found to have violated this article by being in possession of or under the influence, having recently consumed a prohibited substance shall be expelled for a period of one (1) year unless extenuating circumstances are presented. The student may request to enroll in a special drug abuse course of study, as an alternative to expulsion. This course will be provided as an alternative to expulsion only in the event the student is a first offender with regard to a drug and/or alcohol offense. In order to qualify for the drug abuse course of study, the student must also exhibit a sincere desire for help, and must be recommended by his counselor, dean or principal for the course of study. Parents should pay for counseling.

Article V - Search and Seizure Policy

Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of a student and school property when there is reasonable cause to believe that the student may be in possession of drugs, weapons, alcohol, stolen goods or other materials in violation of school policy or state law. School property shall remain under the control of school officials and shall be subject to search.

1. **School Property:** The school owns student lockers, desks, and other such property. The school exercises exclusive control over the school property and a student should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials.
2. **The Person:** According to the decision of the Supreme Court of the United States “a student may be searched if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated either the law or the rules of the school.” A particular student’s effects also are subject to being searched by school officials and are subject to the same rule. Effects may include automobiles located on school property. The scope of the search must be “reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction”. If school officials conclude that a more intrusive search (i.e., a full strip search) is needed, they shall call the parents of the students involved and report their suspicions to the police who shall be responsible for any such search. School officials should not conduct such searches. The principal or his designee may request law enforcement assistance in the random search process; such assistance includes an agreement with law enforcement to use trained drug dogs.

Article VI – Handicapped Students

Any handicapped child enrolled in a special education program or class may be denied the right to attend school or to take part in any school function through suspension, expulsion, or exclusion procedures as outlined in Indiana Code 20-8.1-5 and this policy. Although the procedure described under Indiana Code 20-8.1-5 does provide due process, expulsion of a handicapped student is also governed by federal regulations implementing P.L. 94-142 and by Rule S-1 of the Commission on General Education. Because of the nature of such expulsions, a case conference committee must be convened to make the change in placement. At the case conference the relationship between the misconduct and the handicap shall be determined. After making such a determination, appropriate procedures for expulsion of a handicapped student will be followed.

Article VII - Bullying Policy IC 20-33-8-0.2

As used in this article, "bullying" means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

1. places the targeted student in reasonable fear of harm to the targeted student's person or property;
2. has a substantially detrimental effect on the targeted student's physical or mental health;
3. has the effect of substantially interfering with the targeted student's academic performance; or
4. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Parents or students who suspect that repeated acts of bullying are taking place should report the matter to the school principal or designee. School personnel will investigate all reports of bullying.

Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the violation.

Educational outreach and training will be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.

All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.

Article VIII - Threats, Intimidation, Battery, Harassment

Any incidents of threats, intimidation, battery, or harassment against a school employee shall be immediately reported to the local law enforcement agency. IC 20-33-9-10

Article IX - Attendance Policy

For a child to have the greatest educational opportunity, regular school attendance is absolutely necessary. Regular and punctual school attendance enables students to derive maximum benefits from instructional programs and develop habits of self-discipline, punctuality, and responsibility.

Absences fall into three categories: certified absences, non-certified absences, and unexcused absences.

Absences are considered certified if the following conditions are met:

1. Student has seen a medical professional and a note is delivered to the school.
2. Student served as a page for the general assembly, serves on the precinct election board, or as a helper to a political candidate on election day (I.C. 20-33-2-14 & 20-33-2-15).
3. Student subpoenaed to appear in court as a witness in a judicial proceeding. (I.C. 20-33-2-16).
4. Student participated in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the school corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal (I.C. 20-33-2-17.5).
5. Any other absence approved by state law or the school principal.

All non-certified absences after 10 in a school year will be considered **unexcused**. Upon 3 unexcused absences in a school year, the school attendance officer will begin contacting the family of the student. Multiple unexcused absences may result in a referral to Project Attend through the Juvenile Probation Office.

A student's attendance record will transfer and be enforced when transferring to another school within the county.

On the day of a student absence, his or her parent/guardian must call the school by 8:30 A.M., state their name, date, son/daughter's name and the nature of the absence. If the school does not receive a call, a phone call will be made in reference to the absence. **No contact about the absence will result in the absence marked as unexcused.**

Truancy: A “truant” is defined as a student who is willfully absent from school without the knowledge or consent of the parent and school, or absent from school when there is an attempt to evade the Indiana Compulsory Attendance Law. A “habitual truant” is defined as a student who is truant three times any semester, or is absent from school a total of 20 or more days in a school year. **Friday school will be served as consequence for truancy for grades 5-12.**

Dubois Middle School Handbook

Section 1 - Policies

A. Cell Phones and Electronic Devices

Students may possess wireless communication devices in school, on school property, during after school activities and at school related functions, provided that during school hours the wireless communication devices are silenced and out of sight. Personal data packages available through cellular phone service will not be allowed to be used during the school day. The decision to allow the use of personal technology in each classroom is solely the responsibility of that staff member. The school corporation “acceptable use” policy applies to all technology in the school building, school or student owned. Use of any technology must be under the direct supervision of a staff member. Any personal technology brought into school is solely the responsibility of the owner. Dubois Middle School will not be responsible for any lost, stolen or damaged devices. Students are discouraged from allowing other students to borrow or use their devices.

Wireless communication devices that are not used for educational purposes can be confiscated and turned into the office. Upon the principal’s discretion, parents might be asked to pick up the phone from the school office.

Students are not permitted to use cellular telephones or wireless communication devices, including camera phones, to record/store/send/transmit the spoken word or visual image of any person, including other students or staff members, or educational instrument/document (e.g., test quiz, etc.) any time while on school property.

Parents/guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

B. CONDUCT AT SCHOOL ACTIVITIES

The following guidelines should be followed at each assembly:

1. Respectful attention is always important. Give everyone a chance to enjoy the program.
2. Lack of attention will mean automatic removal.
3. The behavior of students is expected to follow the guidelines of the stated discipline policy. The current discipline policy will be enforced. The types of activities include assemblies, sporting events (participant or spectator), dances, etc.

C. Discipline

Students who willfully disobey school rules will be subject to any of the following forms of discipline, depending on the severity of the infraction.

Lunch Detention

Lunch detentions will be given for: chewing gum, inappropriate language, rude or disrespectful behavior, not following classroom rules, not following detention rules, or unacceptable conduct at any Northeast Dubois School Event. Students must have detention slips signed by parent/guardian and return the slip to the office on the following school day. If there is no signature or a questionable signature, then the student will contact parent/guardian by phone.

Detentions are based on a 9-week grading period. Demerits accumulate the entire school year.

Demerits

6 Detentions = 1 DEMERIT

8 Detentions = Friday School + 2nd DEMERIT

Out of School Suspensions and Friday School assignments will result in a DEMERIT.

Demerits may be worked off by going 2 weeks without a detention and a request to the student's R & R teacher to work off a demerit. No demerits will be removed without a student initiating contact to work off demerits. Two or more demerits at the time of any school activity excludes the student from participating in or attending this event. This includes athletic events and other non-academic school activities.

Time-Out

Students who are disruptive or uncooperative may be sent to another area for time-out.

In-School Detention (ISD)

Students are expected to complete all assigned homework and tests. For these scores to be counted, work must be turned in to the office before leaving for the day. Each ISS will result in a demerit.

Out of School Suspension (OSS)

Students or parents must request homework and arrange to pick it up at school. On the day of return, the student must turn in all homework and is responsible for requesting a time to make up tests. All scores will be counted provided these conditions are met. Each OSS will result in a demerit.

Friday School

Friday School is held at the high school one Friday per month. It is 3 hours in length from 2:30 p.m. to 5:30 p.m. Students and parents will be notified at least one week in advance of the student's assignment to Friday School unless agreed to by parent. Each Friday School will result in a demerit.

Expulsion

Students can be expelled from school if they continually disobey school rules or endanger other students by their presence.

Corporal Punishment

Corporal punishment, paddling, is allowed by the State of Indiana and will be used if deemed necessary.

D. Extracurricular Individual Eligibility

Dubois Middle School has a balanced athletic program. In order to participate in any extracurricular activity, a student must follow the rules and regulations stated below.

1. All participants should be full-time students within the school district.
2. Must be a regular bonafide student in good standing in the school you represent.
3. Must carry a 2.0 GPA. Conduct: not more than 1 U or 2N's. Students declared ineligible for participation in scheduled events will be allowed to practice. At the end of 14 calendar days after receipt of grades, it is the athlete's responsibility to pick up his/her current grades from all of his/her teachers and present them to the principal. The athlete will again be eligible to participate if he/she presents to the principal passing grades in all subjects with a 2.0 GPA and acceptable conduct. If the athlete is declared ineligible a second time he/she will be dismissed from that sport for the remainder of that season.
4. Student progress will be checked at the end of each grading period. Rule (3) will govern eligibility.
5. If a student accumulates 3 demerits, he/she is suspended from participation in athletic events until he/she reduces his/her demerit count to 2 or fewer. Refer to (3) for eligibility.
6. The parent permission form must be on file in the office before the first practice.

7. Must, if absent 5 or more days due to illness or injury, present to your principal written verification from a licensed physician that you may participate again.
8. When students are participating in two different activities, one school sponsored and one not, the student will give priority to the school activity.

This is only a summary of the rules. The individual coaches may distribute a list of the rules and regulations, which must be followed for each sport. If you have any question concerning these rules, it is your responsibility to contact the principal before participating in any athletics sponsored by the school. The intent of this policy is to assure students maintain proper grades. At no point will cumulative GPA be considered.

E. GRADING SYSTEM

Grading periods end every nine weeks. Individual teachers will explain their grading scale to their students. In general, an “A” represents superior work; “B” – above average work, “C” – average work, “D” – below average. “F” represents work that is unsatisfactory. No credit will be given for this grade. “I” means the work is incomplete – if not completed in a reasonable length of time this grade becomes an “F”. Students’ grades can be modified to accommodate individual student’s needs Conduct grades are represented by S – Satisfactory, N – Needs Improvement and U – Unsatisfactory. Mid-term reports will be sent home when students are not working up to their ability.

F. Honor Roll

There are two types of honor roll: Blue and White Honors lists students with a 3.5 to 4.0 GPA, and Honors list students with a 3.0 to 3.499 GPA. Students with “U’s” in conduct cannot be listed.

The following regulations shall be used for implementation for the Student Dress Code Policy:

1. Health and Safety – Students should not wear clothing or hairstyles that can be hazardous to them in their school activities such as Industrial Arts, Agriculture, Home Ec., etc.
2. Common Decency – Bare midriffs, halter tops, muscle shirts, low riding pants and tank tops, or any other garments which unduly or suggestively expose the upper torso and underclothing are prohibited. There shall be adequate coverage of the body for all activities of the day, including sitting, bending, or raising hands.
